

GitHub-flavoured markdown

The parser runs with `MD_DIALECT_GITHUB`, so these should all render.

Tables

Fix	Symptom before	Symptom after
<code>cdpCall</code> recv	md2pdf spins at 100% CPU forever	returns the reply
handshake read	30 s stall every run	instant
<code>STARTF_USESTDHANDLES</code>	stderr log always empty	Chrome errors captured
profile cleanup	<code>%TEMP%</code> fills with dirs	removed after exit

Alignment

Left	Centre	Right
a	b	c
long cell value	x	1234.56

Strikethrough and task lists

~~This text is struck out.~~

- ☒ fix the busy-wait in `cdpCall`
- ☒ reassemble fragmented WebSocket frames
- ☐ port the config file reader
